LOOKBOOK 2025

## ABOUT US

Boura & White was founded by Abi Boura and Katie White to design and create beautiful furniture in the UK. The collection includes Sofas, Chairs, Headboards and Footstools. This exciting partnership brings together the two passionate founders, each with over 25 years' experience in furniture and interiors, who have worked together for the last 11 years since Abi left her role as Style Editor at Elle Decoration.

*"Until now there were two choices. You could go into a crowded showroom to be confronted with the overwhelming visual chaos of hundreds of different designs, each with different features and comfort levels. The alternative was to go to a hugely expensive bespoke manufacturer, where you pay accordingly. We see things very differently."* —Katie White

*"We provide an intelligent and simple design framework to help you choose exactly what works for you, underpinned by outstanding craftsmanship and comfort."* —Abi Boura

Drawing on all their experience and obsessiveness, Boura & White has created a core of six sofa designs, each in impeccable taste and handmade in the UK to the highest quality and comfort, available in any fabric. The edit of five designs simplifies the customer journey and each piece can then be tailored for size, augmented with loose or fixed cover, fitted with pelmet or frill and are available with a choice of legs. Focusing on the core designs ensures the consistency of quality, comfort and longevity.

The selection of covers and detailing, changes the look and feel of each piece to the individual's style preferences, from classic to contemporary. Whilst each final piece is unique, the different designs can all live in harmony in a room, appearing curated over the years rather than sourced from the same place.

All Boura & White designs are handmade in the UK using only sustainable resources. Alongside the Sofas and Chairs, there are Footstools, Bed and Headboard collections. The showroom is open in Hampshire on Monday to Saturday, at a former flower farm remodelled as a house. This beautiful space allows designs to be seen in different room settings which is hugely helpful for customers in visualising how pieces will fit perfectly into their own homes.

Sofas starts from £1800.

MARKHAM
